| φ       | Sem. Exchange | KTH Royal Institute of Technology - Transfer of credits for Courses: Artificial Neural Networks and Deep Architectures & Artificial Intelligence and Multi Agent Systems | 51     |       |            |                 |

\*\*\* End of Statement \*\*\*.

Earned Credits : 545

φ Transfer credits are not included in Earned Credits and not considered for CGPA calculation. Transfer credits + Earned Credits should meet the Total Credit requirement.

Cumulative grade point average secured considering only the successfully completed courses(credits) is **9.05**

The grade of course(s) under the Pass/Fail category are not included towards CGPA calculation.

$$\text{CGPA} = \frac{\sum_i (C_i \times \text{GP})}{\sum_i C_i}$$

Where  $C_i$  is the credit of the Course,

GP is the Grade Point for that course and

$\sum_i$  is the sum over all registered courses successfully cleared during all the semesters.

**The Institute follows Credit system and hence no Class or Division or Rank is awarded.**

**The Institute does not issue semester-wise grade card.**

**The medium of instruction at this Institute is English.**
